

# INDIA'S MOST INFLUENTIAL PLASTICS EXHIBITION

BOMBAY EXHIBITION CENTRE,  
GOREGAON | MUMBAI | INDIA

## PLASTIVISION

INDIA | 2023 | MUMBAI

FEB 09 10 11 12 13

Organized by

# VISITOR ATTRACTIONS

“Plastivision is a top priority of every visitor”

The format of Plastivision is designed to cater business aspects of every visitor. By creating exhibitor categories, visitors also get good return on their investment.

## FINISHED GOODS PAVILION

The exhibition will display a dedicated pavilion of Household, Healthcare, Stationary, Infrastructure, Agriculture, Automotive, Electricals, Stationery products catering to the domestic and international market.

## MEDICAL PLASTICS PAVILION

Plastivision will provide a window to applications of plastics in medical field as well as a chance to meet raw-material suppliers who deal in medical equipments made of plastics.

## INDIAMOLD PAVILION

Molds are at the heart of the industry and in this Plastivision you will get a chance to meet exhibitors specializing in design and manufacturing of molds.

## INFRASTRUCTURE PAVILION

Innovative use of plastics in infrastructure, right from road building to piping is increasing rapidly and in this exhibition you will meet exhibitors who belong to this field.

## AUTOMATION & ROBOTICS PAVILION

The importance of economical manpower is fading due to the application of robotics and automation in manufacturing. This has opened up new avenues for automation & robotics in the field of plastics.

## RECYCLING PAVILION

As recycling and eco-friendly manufacturing practices are becoming mandatory, Plastivision will help you connect with exhibitors who specialize in these aspects.

## SOLAR ENERGY PAVILION

This renewable energy source is fast becoming a mainstream alternative thanks to lowering costs per GW. Visitors will meet solution providers who offer products and implementation.

## AGRICULTURE PAVILION

Many modern agricultural equipments directly or indirectly use plastics or plastic related components. In Plastivision you will find a dedicated area for agriculture related applications.

## JOB & CAREER FAIR

Human Resource is the engine of any industry and at Plastivision there will be a dedicated area for graduates, managers and engineers, where they will meet HR team of exhibitors during the 5 day event and many will be offered internships or placements.

## CONSULTANT CLINIC

Every business needs a guiding light for best practices on different facets of business. Plastivision offers an interface with specialists on different business practices to visitors and exhibitors on an appointment basis.

# ATTENDEE DEMOGRAPHICS OF PLASTIVISION 2020

- Self-employed / Business owners
- Salaried workforce
- Managing Directors / Board Members
- Consultants & Govt bodies
- Operation & Production Managers
- Others
- Department & Group heads

## WHO SHOULD EXHIBIT AT PLASTIVISION 2023?

If you are directly or indirectly related to the world of plastics, then you must! you will find a lead, a resource or an idea.

### Raw Materials /

#### Resins & Compounds / Chemicals

- Acetal
- Adhesives
- Additives
- Additives & Fillers
- Anti-fogging agents
- Anti-static agents
- Bioplastics
- Coating compounds
- Fillers & Adhesives
- Foams & Intermediates
- Masterbatches
- Pigments - Organic & Inorganic
- Polybutylene
- Polycarbonate
- Reinforcement & Intermediates
- Synthetic fibres
- Speciality chemicals
- Thermosets
- Thermoplastics

### Associations & Institutions /

#### Others Educational Institutions

- Consultants for Product Design
- Educational Institutions
- Economic Promotion institutes
- Environment policy consultants
- Financial Institutions
- Government Bodies
- Information Services
- Marketing & Market Research
- Medical Institutes
- Professional Societies
- Publications
- R & D Institutions
- Specialized Services
- Technical Publishers
- Trade Promotion Bodies
- Technology Transfer & Development

### New Technology

- 3D Printing
- Renewable energy

### Auxiliary Equipments /

#### Printing & Decorative Equipments

- Compressors
- Chillers / Cooling towers
- Dehumidifiers
- Dryers
- Feeder - Loaders
- Heat Exchangers
- Instruments & Controls
- Measuring Instruments
- Offset Printing Machines
- Process control complete systems
- Pad Printing
- Quality control & Testing machinery
- Tensile strength modules

### Primary Processing Machinery

- Blow molding
- Extrusion blow molding
- Injection blow molding
- Multilayer blow molding
- Packaging machines
- Bag & Sack Making equipments
- Preprocessing and Recycling machines
- Post Processing / Converting machines
- Plastic welding equipment
- Reactive or Reinforced resins machines
- Recycling machines
- Rotating moulding machines
- Stretch blow molding
- Vaccum & Thermoforming machines

### Molds & Dies

- Blow molds
- Rotational molds
- Hot Runner systems
- Mold bases & Mold parts
- Injection Molds -Thermoplastics

### Semi Finished & Finished Products

- Automotive parts
- Housewares / Kitchenwares
- Packaging products
- Plastic Pipes & Pipe fittings
- Electrical components & Appliances

## BENEFITS OF FACE-TO-FACE MEETING

# 87%

of business directors agree that it is effective to communicate face-to-face than phone or email.

# 80%

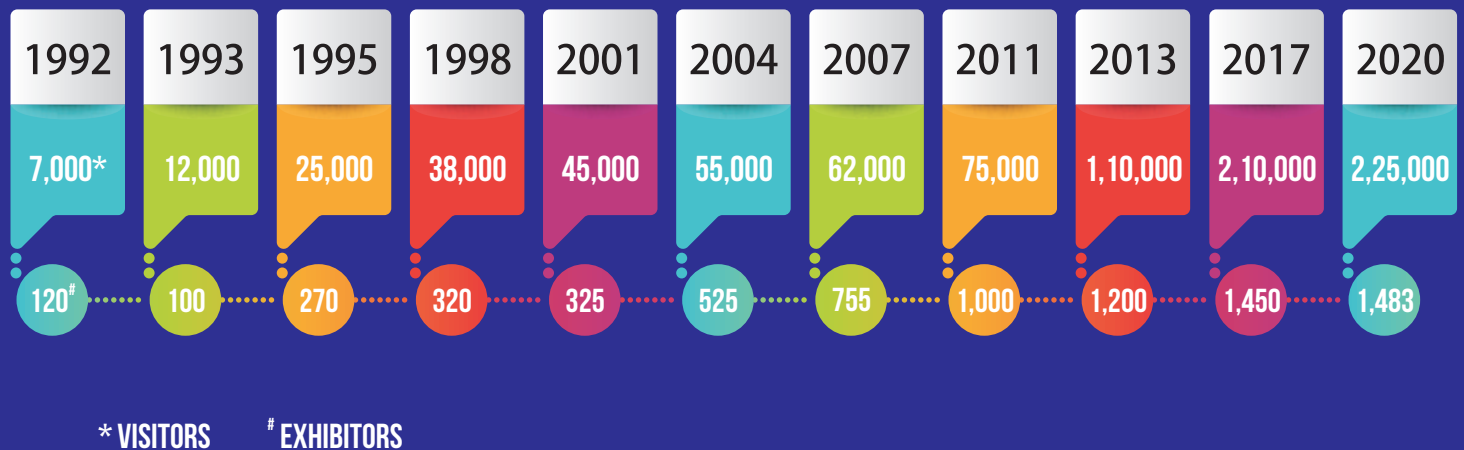

of participants agree that face to face interaction is more successful.

# TOP REASONS TO EXHIBIT AT PLASTIVISION 2023
