PVI 2023 Testimonials

Umesh Nayak
COO Polymers

PVI2023 was a resounding success for Reliance Industries . We had a huge footfall of Customers on all days . This was the first exhibition where we displayed our offerings in the Health & Hygiene segment and launched our Post Consumer Recyclate offerings at the expo. Another unique feature at PVI 2023 was the B2B interaction with International Customers. This offered us a platform to interact with potential customers and will definitely convert into long term sustainable business . I congratulate PVI committee for a super show .

Meela Jayadev

Plastivision 2023 once again proved to be an exceptional platform for showcasing our latest innovations and engaging with industry leaders from around the world. As a proud sponsor for the past four editions, we have witnessed the event's consistent growth and its pivotal role in advancing the plastics industry. The extensive footfall, high-quality interactions, and global exposure have consistently provided substantial value to our organization. We are pleased to continue our association as a sponsor for Plastivision India 2027 and look forward to contributing to the continued success of this esteemed event.

MASTERBATCHES & POLYMER COMPOUNDS
www.jjplastalloy.com

Plastivision 2023 has been a remarkable platform for JJ Plastalloy to connect with industry leaders from around the world, showcasing our innovative masterbatch and polymer solutions. Having participated in the last four editions, we have witnessed how Plastivision continues to evolve as a leading exhibition, driving meaningful conversations and industry advancements. This event enabled us to engage with both existing partners and new prospects, while showcasing our problem-solving masterbatch solutions for the plastics sector. The overwhelming footfall and the quality of interactions reaffirm the importance of Plastivision as a cornerstone for the industry's growth. Congratulations to the Plastivision team for organizing such a phenomenal event. We eagerly look forward to participating again!

Ashok Kapoor

100% Made in INDIA

Plastivision 2023 was an exceptional platform for Kaptiva to showcase our latest innovations and connect with key players in the plastics industry. The event provided us with valuable networking opportunities, insightful conversations, and potential collaborations that will drive our growth. We are so hugely impressed with Team Plastivision working selflessly for the growth of the industry, we decided to support the event by becoming a Sponsor. Kudos to the Plastivision team for organizing such a successful and impactful exhibition.

ENDLESS INNOVATION SINCE 1919

Participating in PLASTIVISION was a highly rewarding experience for SACMI. As one of the most influential international plastic exhibitions in India, it provided an unparalleled platform to connect with industry leaders. We look forward to returning in 2027!

Jagdish Kamble
Managing Director

Extrusionline Front Runner

The show was very good! A lot of domestic customers were spotted. We demonstrated our drip irrigation machines and recycling machines. We received enquiries and orders for both machines that were displayed.

Sandip Kumar Singh
CEO

Plastivision always has been one of the most influential exhibitions in India for Plastic sector and Plastivision 2023 has taken this event to another level. There was no better platform for Ishitva to launch its industry defining autonomous MRF Sanjivani than Plastivision 2023. We created strong awareness about our solutions in plastic recycling industry and also created influence in entire waste management sector.

HOT SOLUTION
HOT RUNNER SYSTEM

This Plastivision edition has lived upto the expectations, it was great to see the large no. of customers participation from OEM's to Molders, Tool Makers and band owners from such diversified segments like Automotive, Packaging, Electronics etc had visited the Exhibition which is not easy to find in any one event.

Aditya Jayakar
Managing Director

This exhibition has offered our company a prestigious platform to showcase machines to visitors from all over the country and abroad. The organizers of the Plastivision are extremely helpful and efficient, more so sensitive to our specific needs for exhibiting our products. We regularly participate in Plastivision exhibition and we look forward to participating in 2027.

Haren Sanghavi
Director

GMS Plastics Machinery Private Limited

The last Edition of Plastivision was a very power packed event post Covid for GMS. GMS saw a lot of local as well as international B2B visitors to our stall. The event proved that India was surely booming. GMS had few days of very fruitful meeting with existing and New buyers. GMS demonstrated our state-of-the-Art Recycling Plants for Mono as well as Multilayer Recycling Plant & also displayed plants to demetallize and Deprint Films and Woven Sacks. We were humbled by the success of the event.
